What's on TV?

When you first turn on the TV, there are three easy ways you can see what is currently showing. You can use the *OK* button, the *INFO* button, or the *Browse* (right arrow) button.

Using the OK Button (Now Playing)

- 1. Press the *OK* button on the remote control.
- 2. When you press the OK button, you see what program is playing currently.

In this example, the TV symbol indicates you are viewing Splash and Bubbles from channel 608. The antenna symbol next to channel 608 indicates that it is on live television. Channel 660 is currently recording as part of a series recording indicated by the red circle with lines next to it. Channel 633 is currently recording as indicated by the red circle. Channel 608 is also recording as part of a series recording indicated by the red circle with lines next to it.

If the Weather Application is available, the Now Playing window will also provide the current temperature.

Using the INFO Button

1. If you are watching a live program and press the *INFO* button on the remote control, you'll see the channel number, channel name, current date and time, program name, time the program airs, a progress bar showing how far along the program is, and the program that airs next at the bottom of the screen.

2. If you press the INFO button again, a window will pop up and show the channel number, channel name, program name, episode title, program rating, time the program airs, a progress bar showing how far along the program is, program description, and date it first aired.

- 3. If you are viewing a live program, you can press the *Right/Left arrow* buttons to view what is showing later on the current channel or press the *Up/Down arrow* buttons to view what is showing on another channel.
- 4. Press the Day + and Day buttons to see what is on this channel 24 hours from now.

Using the Browse Button

- 1. Press the *Browse* (right arrow) button on the remote control. At the bottom of the screen you see the channel number, channel name, current date and time, program name, date and time the program airs, a progress bar showing how far along the program is, and the program that airs next.
- 2. Press the *Right/Left arrow* buttons to view what is showing later on the current channel. Or, press the *Up/Down arrow* buttons to view what is showing on another channel.
- 3. Press the Day + and Day buttons to see what is on this channel 24 hours from now.

Using the Channel Guide

The Channel Guide is your on-screen tool to see what is on television. It allows you to surf channels while still watching a program.

Using the GUIDE Button

- 1. Press the *GUIDE* button on the remote control. Information about the program you are tuned to displays at the top of the screen along with indicators showing the following:
 - Program name
 - Program rating
 - Whether the program is a new episode
 - Time the program airs
 - Progress bar showing how far along the program is
 - Program description
 - When the program first aired
 - What the program's TV rating is

Other channels and their programs will show at the bottom of the screen. Shows that started prior to the current time slot are indicated with an arrow prior to the program name. Shows that continue past the last time slot showing on the guide are indicated with

an arrow after the program name. Programs scheduled for recording will be marked with a red circle.

- 2. To move through the guide one channel at a time, use the *Up/Down arrow* buttons on the remote control. As you do this, a description of the highlighted program will display at the top of the screen. Or, press the *Channel* + and *Channel* buttons to scroll through the channels more quickly.
- 3. To move through the guide one page at a time, press the Page + and Page buttons on the remote control.
- 4. To move through the guide one screen at a time, use the *Fast Forward* and *Rewind* buttons.
- 5. To move through the guide a full 24 hours, press the Day + and Day buttons on the remote control. You cannot use the Day button to go back to programs that have already aired; however, you can use it to page back if you have moved ahead in the guide.
- 6. To see programs you missed, press the *Skip Back* button to go back one page in the guide. If there was a program you missed, you could search for other programs of the same name and schedule the DVR to record the program.

7. To browse through the guide using a Favorites list, press the *Blue* button or the *FAV* button. The list name will appear at the bottom of the screen. Keep pushing the *Blue* button to scroll through the different Favorites lists.

8. Events marked with the green "NEW" symbol signify a new episode of the program.

Search

Search capabilities allow you to either search for a full title of a program or for a word or two within a title. You can use the Search feature in the guide to find all instances of a program by title, or you can use the Search feature to enter a partial name and search for all instances of the word to locate the desired program. This works well if you can't recall the full name of a program or movie. All of the search functions will give you search results from On-Demand library, TV Airings, and Recordings.

Perform a Title Search within the Guide

- 1. While viewing the Guide, select the desired program using the arrow buttons, and press the *Yellow* button on the remote control.
- 2. This will perform a full title search to return all shows with the same title from TV Airings, current Recordings, and the On-Demand library. In this example, the search found all shows titled "Friends".

3. If there is a program in the TV Airings search results you would like to record, you may schedule a recording from the list of search results. Use the *Up/Down arrow* buttons to highlight the program and press *Record* or *OK* on the remote control. Follow the steps to schedule a recording.

Perform a Partial Text Search Using the Search Button on Remote Control

1. While viewing any program (and not in the Guide or other menus), press the *Search* button (left arrow) on the remote control. This will display a search window where you can enter the first few letters or one or two words in the program title.

- 2. Use the arrow buttons on the remote control to highlight the letters and press the *OK* button to select a letter. When you have entered all the text, arrow down to Submit and press the *OK* button or just push the *Yellow* button to start the search.
- 3. In this example, the user has searched for all current Recordings, TV Airings, and On-Demand library programs with the word "dog" in the title.

4. If there is a program in the TV Airings results that you would like to record, you may schedule a recording from the list of search results. Simply use arrow buttons to highlight the program and then press *OK* or *Record* on the remote control. Follow the steps to schedule a recording.

5. You may also continue to search for more programs by the same name. For example, selecting "Dog the Bounty Hunter" and pushing the *Yellow* button will search for all scheduled airings of the program.

Search History

The Search History feature will allow you to save your searches so that they can be used again at a later time. Up to 18 searches may be retained in the Search History at any given time. The oldest searches will automatically be removed as a new search is performed. Frequently-used searches may be saved to prevent removal and may be sorted to keep them at the top of the History list.

- 1. Select the *MENU* button. Select TV | Search | History.
- 2. To delete a recent search, select the *Red* button on your remote control. The selected search will be removed.
- 3. To save a recent search, select the *Green* button on your remote control. The search will now have a yellow star icon next to it, acknowledging that it is now a saved search.
- 4. To use a previous search, select the search and press the *Yellow* button on your remote control.
- 5. To sort recent searches, select the *Blue* button on your remote control. Searches will be sorted by saved searches in alphabetical order and then unsaved searches in alphabetical order.

Record Programs

Your DVR service gives you the freedom to record the program you are watching as you are watching it, record a program while you watch another, or record a program you see in the program guide. You can also schedule a series recording so you always catch all episodes of your favorite programs.

Note: If a program you record is either locked by parental rating settings or on a channel that is locked, the DVR will record the program but you will be required to enter a PIN to view it.

Record What You Are Currently Watching

If you are watching a program and decide that you want to record the remainder of the program, you can easily start the recording.

- 3. Customize your recording selections for start and stop time and which folder to save the recording to.
- 4. The Reminder function may also be selected from this screen. Select the Reminder function if you would like your television to remind you of the following:
 - The program is going to air
 - A new episode of the program is going to air
 - Each time a program will air
 - You may set the reminder for 1, 2, 3, 4, 5, 10 or 15 minutes prior to the program start.

- You can also choose to have the television automatically tune to the channel when the recording starts. More information on setting reminders can be found later in this guide.
- 5. A Red circle will briefly display in the top right of the screen, indicating you are recording the program.

- 6. If you decide to stop recording the program before it is complete, press the *Recording* button again. Choose from the following options regarding how to save the partial recording:
 - Continue Recording Does not stop recording the program
 - Stop Recording and Keep Saves the recording for future viewing
 - Stop Recording, Keep, and Protect Saves the recording and protects it from automatic deletion
 - Stop Recording and Delete Deletes the recording from memory

Create a One-Time Recording from the Guide

Whether you are choosing a program from the Guide or if you are currently viewing the program when you decide to record it, the process to create a one-time recording is the same.

- 1. From the Guide, highlight the program you want to record and press the *Record* button on the remote control. The recording options will display.
- 2. Choose to create a one-time recording.
- 3. Use the arrow keys to customize start & stop times, folder to save the recording to, and auto tune preferences.
- 4. Arrow down to "Create One Time Recording" and click the *OK* button on your remote control.
- 5. A Red circle will display in the guide indicating the program will record.
- 6. You will also be able to find the recording in the Future Recordings list.

Binge Mode Recording Playback

When you are watching programming from a Series Recording and have multiple recordings, this mode will prompt you to watch the next recording in a series once you are done with the initial one.

You can highlight Delete to delete the episode you just watched.

Then, either Return to TV, Return to List, or choose the next recording in the list below.

Reminders

Your television can be set to remind you when a program is about to air and to automatically tune to a program you don't want to miss.

1. To set a reminder, press the *GUIDE* button and use the arrow buttons to find and highlight the upcoming program you wish to flag with a reminder. Press the *Record* button on the remote.

- 2. Arrow over to select Reminder.
- 3. Customize your settings for a one-time reminder, reminders only when a new episode will air, or a reminder for all program airings. You can also select how many minutes before the program starts you want your reminder to appear (1, 2, 3, 4, 5, 10 or 15 minutes early) and whether to automatically tune to the channel when the program begins. Arrow down to highlight Create Reminder and press the *OK* button on the remote.
- 4. A reminder icon will appear next to the program on the guide to indicate a reminder has been set for that program.

5. A reminder pop-up will appear at the top of your TV screen at the time you designated. Press the *OK* button to begin watching the program at any time or wait for it to change channels automatically if you set the auto tune feature.

Folders

Folders allow you to organize the recordings on your DVR by user, program type, or any other way you may choose.

- 1. To create folders, simply choose the [New Folder] option any time you are setting a new recording. Arrow down to select Create One Time Recording and select the *OK* button.
- 2. You will then be prompted to name the folder. Enter the folder name and select Submit.

Status Bar

The status bar appears whenever you Skip Forward, Skip Back, Pause, Rewind, or Fast Forward a live or recorded program. It gives you information such as the channel you are viewing, the title of the program you are watching, and the length of the live buffer.

Pause

As you watch live TV or recorded programs, press the *Pause* button and the programming on the screen instantly freezes. Press the *Play* button to resume normal play of the program from the point where it was paused.

Rewind

Press the *Rewind* button to see something again. Press it again up to four times to increase the rewind speed. x4, x15, x60, and x300 will display next to the status bar. x4 is the slowest setting and x300 is the fastest. To slow the Rewind speed, press the *Fast Forward* button. At the point that Rewind mode is slowed as far is it goes, you will return to normal mode and then Fast Forward mode. Press the *Play* button to resume normal play directly.

Fast Forward

Press the *Fast Forward* button to move forward in a recorded program. Press it again up to four times to increase the fast forward speed. x4, x15, x60, and x300 will display next to the status bar. x4 is the slowest setting and x300 is the fastest. To slow the Fast Forward speed, press the *Rewind* button. At the point that Fast Forward is slowed as far as it goes, you will return to normal mode and then to Rewind mode. Press *Play* to resume normal play directly. For programs you are watching live, Fast Forward mode will be activated if you have paused or rewound the program.

Skip Back

With Skip Back, you can go back to see the last play of the game or replay the last scene of your movie. Just press the *Skip Back* button on your remote control to replay the last 10 seconds. Press the *Replay* button repeatedly to continue skipping back in 10 second increments.

Slow Motion

The Slow Motion function allows you to rewind to a point in a recorded program or within the recorded (buffer) of the program you are currently watching and watch a segment of the program in slow motion. Select the *Pause* button at the point in the program that you would like to watch in slow motion. Select the *Fast Forward* button to play in slow motion. Press once to play at x1/4 speed and press twice to play at x1/2 speed.

Return to Live TV

Any time you Pause or rewind a live program, the show continues to be broadcast in real time and saved in the buffer. To return to live programming, press the *LIVE* button.

Delete a Recording

In addition to the option to delete a recording when you have finished viewing it, other options for deleting a recording are available.

- 1. To access a list of recorded programs, press the *LIST* button on the remote control.
- 2. From the list of folders, choose the folder that contains the recordings you want to delete, and use the *Up/Down arrow* buttons to highlight the entire folder or the individual episode you want to delete.

3. Press the *Red* button to Delete the recording or group of recordings. Or, press the *Green* button to access the Actions menu, and then choose Delete. You have the option to cancel the process.

4. If you are deleting a recording that was a part of a Series Rule, you will have other options – Delete this recording, Delete series rule and this recording, or Cancel.

Using Bookmarks

Your DVR is capable of marking specific spots in a recorded program, called Bookmarks. It is an easy way for you to mark your spot in a program that you might not be able to watch in its entirety, bookmark a great play in a sporting event, or the end of a commercial.

- 1. To work with bookmarks, press the *Play* button on the remote control to display the status bar.
- 2. As you are recording a program or watching a recorded program, press the *Blue* button on the remote control to add a Bookmark. You will notice a white line in the status bar.

- 3. When you return to the program, you can press the *Up/Down arrow* buttons on the remote control to advance to your bookmarked spot. If there are multiple Bookmarks, keep pressing the *Up/Down arrow* buttons until you are to your desired place in the program.
- 4. You can remove a Bookmark by moving to the Bookmark and pushing the *Blue* button within three seconds.

Bookmarks would be helpful in the case of a television movie that you keep and watch over and over. You could bookmark the end of commercials so that you could skip over those sections of the movie.

Working with Multiple Streams

Your DVR is capable of recording two programs while you watch a third program. You can easily tell what your DVR is doing by pressing the *OK* button. When you see the red light which indicates that something is being recorded on the DVR, you can quickly find out what program is recording.

1. Press the *OK* button on the remote control to see what is Now Playing. In this example, the television is tuned to channel 608 as indicated by the TV symbol, and it is a restated program as indicated by the Restart symbol. It also show what is live programming on Channel 608. Channel 660 is recording as indicated by the red circle symbol.

2. You may change to view any of the listed programs by using the *Up/Down* arrow keys on the remote control and pressing the *OK* button.

3. When you change to view the program that is recording, the system will start at the last time you viewed that program. You can go back to the beginning of the program by using the *Rewind* button or jumping with the down arrow. You have access to *Rewind*, *Skip Back*, *Skip Forward*, and *Fast Forward* to move within the recording.

Recording Conflicts

The DVR can record a limited number of programs at a time. If you attempt to record more programs than the system is capable of recording at one time, the DVR will warn you of a recording conflict.

Using the LIST Button

You access your recordings, the list of future recordings, and series rules by pressing the *LIST* button on the remote control multiple times.

Current Recordings

Press the *LIST* button one time to access the list of Recording Folders. The All Recordings folder appears first and includes all the recordings you have stored on your DVR. If grouping is enabled in your settings, each program will also have a folder including all recordings of that program. To move in and out of the folders, use the *Left/Right arrow* buttons. At the top of the screen, you see the number of folders and the amount of space you have free on the DVR.

When you are in a program folder,

- Delete a recording by pressing the *Red* button on the remote control.
- View the available Actions by pressing the *Green* button on the remote control. Actions include Play Recording, Edit Item, Information, Go Back, Move to Folder, Protect, Sort List, Close Actions, and Delete Recording.
- Search for programs within the Recording folders by pressing the *Yellow* button on the remote.
- Sort the Current Recordings by pressing the *Blue* button on the remote control. By default, Current Recordings are displayed by date and time. If you press the *Blue* button, programs will be sorted by Name.
- Press the *Skip Forward* button to view recordings by title rather than group.

Current Recording Actions

To view the available Actions, press the *Green* button on the remote control. The Actions list displays on the right hand side of the screen. To make it easy for you, the list of Actions on the screen shows the corresponding button that you could press on the remote control. It is also possible to highlight your selection and then press *OK* on the remote control.

- 1. Select Play Recording to start the currently-selected recording.
- 2. To extend the end recording time on a recording in progress, select Edit Item.
- 3. To show or hide Information about the recording, press the *INFO* button. This expands or hides the view of information. Simply highlighting a recording and pausing for a brief moment will also display the information.
- 4. To Go Back to the previous screen showing All Recording Folders, press LIST.

- 5. To move the recording to a specific folder, arrow to select Move To Folder.
- 6. To group the recordings by their titles, select the *Skip Forward* button.
- 7. To Protect a recording so that it does not automatically get deleted, use the arrow buttons to highlight the protect option and then press the *OK* button. When you do, a shield symbol will display next to the program name, letting you know that this program is protected. If you want to remove protection from the recording, simply choose Protect again.
- 8. To Sort the List of Current Recordings, press the *Blue* button on the remote control. At the bottom of the screen, you will see the sort change to being sorted by Name. Press the *Blue* button again to change the sort back to date and time.
- 9. To Close the Actions, either press the *Green* button or press the *EXIT* button on the remote control.
- 10. To Delete the Recording, press the *Red* button on the remote control. Select Yes or No to delete and then press the *OK* button.

Future Recordings

Press the *LIST* button a second time to view your list of Future Recordings. These are programming events that are waiting to happen. At the top of the screen, you see the number of recordings and the amount of space you have free on the DVR.

- 2. Within the Parental menu, arrow to the right and select the Time Restrictions category. The Time Restrictions category allows you to set time periods per day where television access requires a PIN. These time restrictions may be set by selecting the *Green* button to Add Restriction. A new restriction will appear to the right of the week schedule. Arrow to the right to select a day and press the *OK* button.
- 3. Once a day has been selected, use the *Up/Down* arrows to select a time and either AM or PM for both start and end time for the time restriction. When you are done creating time restrictions, select the *EXIT* button.

Cancel Override

1. Within the Parental menu, arrow to the right and select the Cancel Override category. The Cancel Override category allows any previous PIN overrides for an extended period of time to be cancelled. To cancel an existing override, select OK within the Cancel Override prompt. Once the override has been cancelled, the parental PIN will need to be used for all Locked and Rated channels.

Options

1. Within the Parental menu, arrow to the right and select the Options category. The Options category requires the Ratings PIN to be entered in order to update any settings. Enter your PIN, and select OK, and press the *OK* button.

2. Once the Ratings PIN has been entered, you may choose to have Locked Channels and/or Show Restricted Titles visible. Selecting a "No" value for either setting will cause these programs to not appear in the Guide. Select OK within the prompt and press the *OK* button.

3. A Parental Controls Options prompt will appear once the changes have been saved successfully.

Phone Settings

1. From the Settings Menu, arrow to the right and choose Phone to adjust the Caller ID and Voice Mail Settings.

2. From the Phone Options menu, you can turn both Caller ID and Voice Mail popups on or off. You may also adjust the length of time the pop-up remains on the screen from 6, 9, 12, 18, or 21 seconds. This menu also allows the subscriber to adjust the selected voicemail account and whether or not a PIN is required to access any existing voicemails within that account.

3. To save your changes, arrow down to Save and press the *OK* button.

Recording Settings

1. From the Settings Menu, arrow to the right and choose Recording to make changes to your settings for recorded programs.
